### Monthly Business Spotlight

#### Tremont Cooperative Grain Co.

Location: Office: 112 N. West St. Tremont; East Plant: Baer Rd, Tremont; and 2 other branches

Hours: varies by season

The Tremont Cooperative Grain Company is a grain elevator that handles corn, soybeans and wheat. They provide grain handling, drying, storage and merchandising services to local farmers and producers. There are 12 full time employees who are assisted by many seasonal workers during harvest. Tremont Co-op has been in business since 1911. Even though the company started over 100 years ago, the current manager is only the seventh manager in the history of the company.

The Tremont Cooperative Grain Co. would like to share that “as a cooperative, most of the profits are distributed back to the farmers / producers / patrons. We are governed by a board of directors composed of local farmers.” Did you know that corn can’t be safely stored if it is too wet? So “we use large quantities of natural gas to dry corn in the fall. Part of our motivation for locating our new facility south of Tremont on Springfield Road was the availability of natural gas.”
